REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-15 are allowable because none of the prior art of record suggests: (a) a spring configured to move the shade from the high beam position to the low beam position via an elastic force, wherein a difference between the magnetic force and the elastic force initially increases and then decreases over the stroke of the plunger to change a moving speed of the shade (claim 1); (b) the shade slides along a surface of the stopper when the solenoid and spring move the shade (claims 9 and 15); and (c) a stopper mechanism that stops the shade at either of the low beam position and the high beam position, wherein when the solenoid and spring move the shade, the shade slides substantially parallel to an optic axis of the light source (claim 13).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alan Cariaso whose telephone number is (571) 272-2366. The examiner can normally be reached on 9-5:30 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sandra O'Shea can be reached on (571) 272-2378. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
